

FINAL EXAMINATION ANNOUNCEMENTS

ED II

1. Final exams start at 1:00 PM and are held (*preferably*) in the **DISSECTION ROOM**
2. On the day of the exam:
You should have the **black book (index)***, histology lab notes, as well as a pair of forceps on you.
Repeated final exam – first retakes are free of charge, but in case of a second repeat, purchase an exam ticket at the **English secretariat** and present the yellow payment slip* (or an equivalently relevant proof) before starting the exam.
Items marked by * are obligatory prerequisites, the exam must not start without them.

Arrive latest by 12.50, and wait in front of the Lecture Hall.

Bring some dextrose tablets or chocolate, as well as some water, because the final exams may be long and exhausting. However, eating and drinking is prohibited at the site of the examination.

3. The last changes concerning deregistration from a date maybe done via the NEPTUN system 48 hours prior to the selected day.
4. In case of an unsuccessful exam the earliest term for a repeated exam will be the 3rd day.
5. The exam period will finish on July 3, no further extensions will be available. Absences are not counted as failures.

Stages of the final exam

1. Structure/organ recognition

Purpose: to prove the competence and orientation on the anatomical preparations

Break (upon wish; 5 min maximum)

2. Histology, practical

(2 specimens from the collection of the Department)

Purpose: to prove the competence and knowledge on the microscopic structure of the human body using histological terms and descriptions.

Break (upon wish; 5 min maximum)

4. Theoretical part (six topics)

- a) Embryology
- b) Histology
- c) Musculoskeletal system
- d) Internal organs, organs of special senses
- e) Nervous system
- f) Maxillofacial Anatomy

Failure (mark 1) in a single question will result in failing and consequently repeating the whole final examination
